| **Concession Workers who are scheduled to open need to arrive 1 hour prior to game time to get set up. Instructions for opening & closing can be found on the BCAA website. Instructions can also be found inside the concession stand. If you can not work your scheduled time, please speak with one of the other parents and ask them to switch. The concession works most effective when there are four people working during the peak times. It is very important that every parent does their part in working their scheduled game. | | | | |
